Re: Thanks for a great job & Questions about another project

Dear Mr. Bowers:

You recently performed a general home inspection on my daughter's "new" house at 650 W. 70<sup>th</sup>, Kansas City, MO. My wife Anne and I were impressed with your thorough and detailed inspection as well as the follow-up letter about the boiler and asbestos. Very timely and professional.

I have a question that you may or may not be able to help with. I am planning on buying my parent's lake home on the Lake of the Ozarks on Lake Road P between Gravois Mills and Laurie on the West Side. The house is in need of major improvements. I plan to add an addition to the house so I will need an architect and building contractor for the project.

I know you are active in ASHI and teach others, so I thought you might have a contact person that might be able to recommend referrals for this project. If you have any suggestions, please let us know. Thanks for everything.

Sincerely,

Ted and Anne Lockwood
